WHAT IS WORKKEYS?

- WorkKeys is an assessment that stresses skills development important for EVERY type of employment.
- WorkKeys measures "real world" skills that employers believe are critical to job success. Test questions are based on situations in the everyday work world.
- WorkKeys assessments include both cognitive & noncognitive skills that enable you to – determine skills you've achieved – identify skill to improve – match skills to jobs –show employers you have the skills needed for success

WHY IS WORKKEYS IMPORTANT TO ME?

- *Studies show that occupations requiring higher skills in math, locating information, and reading, pay higher entry-level salaries.*
- By increasing skills levels while still in school, you can increase your opportunities for higher salaries in the future.
- You can earn the ACT National Career Readiness Certificate (NCRC), which indicates that you have the foundational workplace skills needed to succeed.
- This credential is used across all sectors of the economy & documents the following skills:
 - Problem solving
 - Critical thinking
 - Reading & using work-related text
 - Applying information from work place docs. to solve problems
 - Applying mathematical reasoning to work-related problems
 - Setting up & performing work-related math calculations
 - Locating, synthesizing, & applying information that's presented graphically
 - Comparing, summarizing, & analyzing information presented in multiple related graphs

.Levels of Certification:

- **Bronze** – scores at least a level 3 in each of the three areas & has necessary foundational skills for 16% of the jobs in the WorkKeys Database
