

Vision

All students will

- Achieve full potential
- Acquire diverse perspectives/problem-solving skills
- Become responsible citizens

Mission

To empower students to be

- Confident
- Insightful
- Career-focused
- Accepting of diversity
- Capable of innovative problem solving

Beliefs

All HHS students are

- Taught through standards-based instruction
- Provided with diverse learning opportunities to reach full potential
- Prepared to become productive, college-or-career-ready citizens
- Prepared for life through technology, problem-solving strategies, and a rigorous academic curriculum

Achievement and Growth

Objectives

- Utilize high-expectation resources and practices to foster student achievement and growth.

Critical Initiatives

- Enhance standards-based instruction through data collaboration, lesson development, and coaching opportunities.
- Provide student-centered intervention opportunities to promote increases in student achievement.
- Provide college-and-career readiness support through preparatory experiences and activities.

Performance Management

Objectives

- Administer programs and practices through which school improvement can be monitored and evaluated.

Critical Initiatives

- Utilize platforms specifically designed to evaluate and improve classroom instructional practices.
- Provide opportunities for school leadership personnel to monitor and evaluate school improvement initiatives.
- Implement practices that ensure technology resources are maintained and current in efforts to optimize student

Learning Supports

Objectives

- Foster professional learning opportunities and learner support programs and practices.

Critical Initiatives

- Utilize professional development opportunities provided through the district intended to improve instructional practices.
- Provide professional development opportunities on a local level intended to improve instructional practices.
- Support and engage students through activities and practices that extend beyond classroom instruction and that provide a

Critical Initiatives

- Promote student achievement and growth by developing a school-wide approach for reading.

Critical Initiatives

engagement.

Critical Initiatives

- safe, supportive, and collaborative culture.
- Provide opportunities for stakeholders to be involved and informed.
- Foster student accountability in all areas of the school day to promote a greater sense of student ownership in the school and a greater sense of student pride in their education.

Key Measures

- ACCESS/program usage reports
- Video/support logs
- ELEOT observation data
- Assessment data
- Teacher evaluations
- Meeting documentation
- Lesson plans
- RTI documentation
- Student classroom progress
- Assessment data (Scantron/Edmentum)
- Student progress reports
- ACT assessments data
- WorkKeys assessment data
- Practice test data
- Classroom assessment data
- Scantron reading assessments
- ACT assessments
- Library usage reports

Key Measures

- Educator Effectiveness
- ELEOT observation data
- Mid-year review reports
- Teacher evaluations
- Peer observation data
- Mid-year review reports
- Meeting documentation
- Stakeholder surveys
- Technology/Equipment Evaluations
- Stakeholder surveys
- Needs analysis data

Key Measures

- ELEOT observation data
- Assessment data
- Teacher evaluations
- Stakeholder surveys
- Meeting documentation
- Lesson plans
- ELEOT observation data
- Meeting documentation
- HVH faculty Google Classroom activity
- Assessment data
- Teacher evaluations
- Stakeholder surveys
- Peer observations
- Classroom assessment data
- State/District assessments
- Stakeholder surveys
- Meeting documentation
- Student rosters

Key Measures

- Digital library usage reports
- Reading logs/classroom assessment data

Key Measures

Key Measures

- Academic progress reports
- Digital resource activity reports
- Enrichment activity documentation
- Meeting documentation
- Stakeholder surveys
- Website activity reports
- Stakeholder surveys
- Attendance reports
- Behavior reports
